CHAIRMAN

Dear student,

Welcome to the NEF fraternity.

Education grooms young minds and hearts into becoming the pillars of a nation's development. NEF Trust, since its inception has taken upon itself the noble cause of imparting quality education in this part of the country by establishing institutions of national repute. Expanding its horizons still further, NEF has established "NEF College" at Lokhra, Guwahati, to impart courses from Higher Secondary through Graduation to Post Graduate levels. Continuing its record of high academic standards, we at NEF College will strive to provide the best academic training a student can possibly get.

I would like to assure the students of North East India that they would no longer have to migrate to faraway places in quest of good education and exposure, as NEF College assures them of extending every possible support required to realize their golden dreams and achieve success in their chosen field.

We at NEF strive to build and boost the physical, intellectual and psychological strengths of the students so that they are better equipped to deal with the real life challenges. With a pool of highly qualified and dedicated faculty members, students are offered the necessary guidance, knowledge and emotional support needed to sail through the thickest of waters and come out successful.

As Chairman of NEF Trust, I anticipate full co-operation of the student fraternity and their guardians in this noble endeavour of ours. This would go a long way in realizing our dreams and encourage us to work with renewed vigour and enthusiasm and come up with more such ventures to continue serving the society. Achieving perfection is always a continuous journey of efforts towards it. As such I look forward to your valued comments and suggestions to transform this College to a centre of excellence.

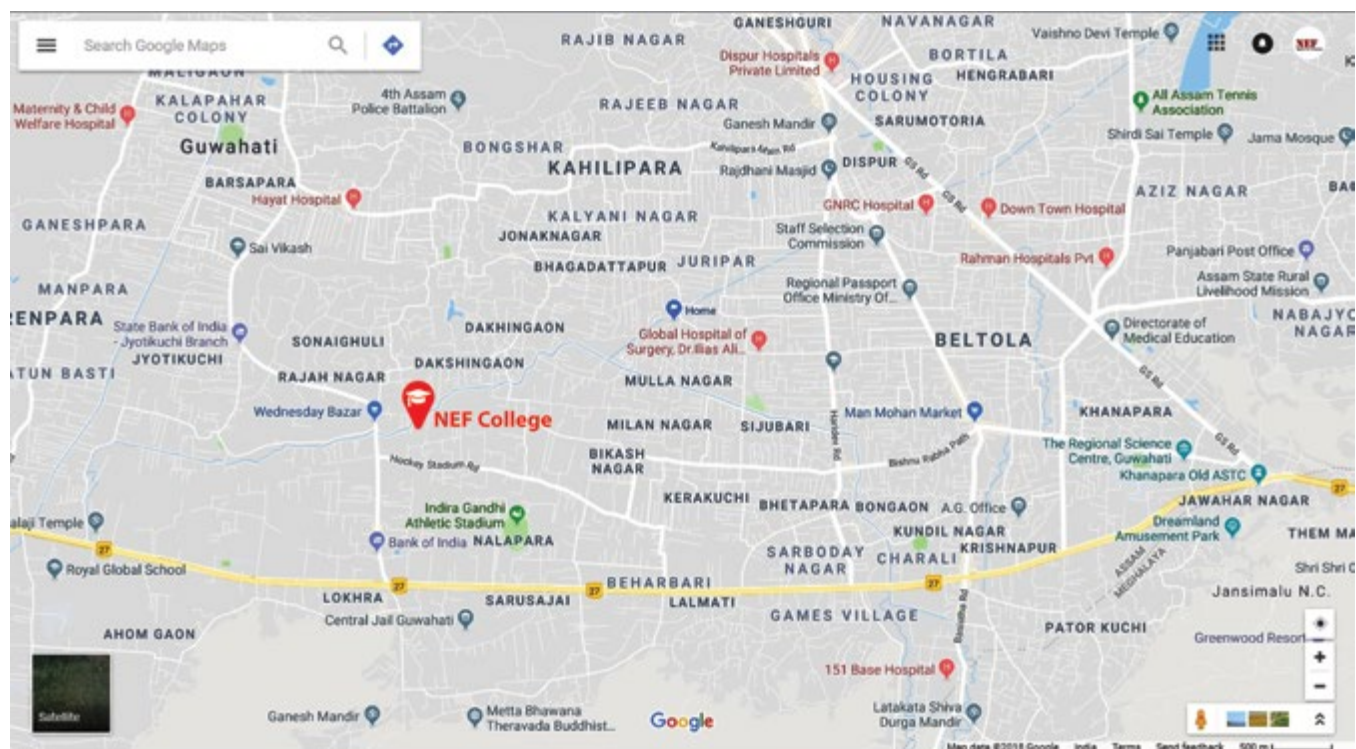

I am sure when you join this College you will become a part of this glorious tradition of growth and excellence.

Sincerely yours

(Dr. Zakir Hussain)
Chairman

PRINCIPAL

My Dear Students,

While welcoming you to this excellent academic institution under NEF Umbrella, I want to offer my heartiest wishes towards your exciting journey for the next two to five years. These years will be a turning point in your life and will boost you in a different career orbit.

During your study in this Institution, you will be able to imbibe new knowledge, learn new skills and get a bird's-eye view of the global corporate world. In order to make your learning enriching and interesting I shall make available all facilities required for your all round academic development.

It is true that no dream is farfetched nor is all dreams unattainable. Life without aspiration is like living without soul. No dream is too big; no step is too small. Therefore put your talents and resources to produce more in future life and to contribute to the society.

I firmly assure that there exists a certain amount of duty of a student primarily to concentrate and devote time for his/ her studies and maintain discipline at a social and personal level. This is the only route to success. In the present times marked by great competition, one might not reach the desired height of success, if one does not foster discipline and hard work. The famous saying “*As You Sow, So You Reap*”, stand to justify this. Thus it is my earnest request to all the students here to concentrate and devote time on academic affairs.

I am confident that this Institution will go a long way in imparting quality education to students in times to come and it gives me immense pleasure to be a part of the foundation stone of this Institute.

I feel and believe that “persistence and dedicated hard work is the key to success”. Therefore, I earnestly and sincerely advise all the students to follow the statement of Swami Vivekananda who stated “*the goal may be a distant, but awake, rise and stop not till the goal is reached*”

With best wishes
